

UNIT 3: TIME, MULTIPLICATION AND DIVISION WITHIN 100

Lesson 3: Multiplication & Division tables of 6, 7, 8, 9

1. Choose the correct answer.

a) In the multiplication $6 \times 5 = 30$, the number 6 is the _____

factor

dividend

product

b) In the multiplication $6 \times 5 = 30$, the number 30 is the _____

factor

dividend

product

c) In the division $48 : 8 = 6$, the number 6 is the _____

dividend

divisor

quotient

d) In the division $48 : 8 = 6$, the number 8 is the _____

dividend

divisor

quotient

e) In the division $48 : 8 = 6$, the number 48 is the _____

dividend

divisor

quotient

2. Calculate and write.

Operation	Word form
a. $8 \times 8 = 84$	<i>8 times 8 equals 64.</i>
b. $4 \times 9 =$	
c. $36 : 6 =$	
d. $72 : 9 =$	

3. Mrs. Lan has 7 baskets of pears. There are 5 pears in each basket. How many pears are there in total?

There are _____ pears in total.
