

The people below want to buy a new mobile phone.

There are descriptions of eight different phones.

Decide which phone would be the most suitable for the people below.

**1** Sasha is a businesswoman. She uses her phone a lot and really needs a model that she can rely on. Her budget is around £500 and the new phone must have a good reputation and an excellent battery life.

**2** Carlos is a university student. He can't afford more than £300 for his new smartphone, but he wants one that looks good. He mainly uses his phone to watch films, so the screen size has to be decent.

**3** Clara is a grandmother who wants a basic phone that is easy to manage. She needs good storage for all the photos she receives of her grandchildren! Clara has £150 for her new phone.

**4** Sam is 14. He can spend between £300 and £400 on a new mobile for his birthday. Sam likes to browse the Internet and check social media on his phone. He's also crazy about gaming.

**5** Ayesha and Jane are 17 and they each need a smartphone that costs less than £200. They prefer small phones that are easy to carry. They use their phones to listen to music, so good sound is essential.

## **MOBILE CENTRAL**

### **A Sunshine 123**

One of our most inexpensive phones, the Sunshine 123 offers enormous memory and will only cost you £149.99. The battery doesn't last as long as other models, but this smartphone offers other advantages. It's very simple to set up and use, which many of our customers appreciate.

### **B Champion D**

People who are serious about their phones choose the Champion D because it has the best hardware available for the incredible price of £650. Install as many apps as you want because this model has exceptional capacity. It's the experts' favourite phone.

### **C Blueberry X2**

This is not a complicated phone. Anyone can use it with ease, and the best part is that it is known to be extremely reliable. The sound is poor and it's not ideal for saving a lot of files, but at only £120, it's not a bad device at all.

### **D Sky QF**

The Sky QF is our most lightweight smartphone. It's a neat and tidy device with the astonishing price tag of just £180. Amazing! For its size, you'll be surprised by how powerful the internal speakers are. It comes in three cute colours and everyone loves it.

### **E Diamond A7**

Among all of our models, this is the most popular smartphone we sell. People love the Diamond A7 because they can completely depend on it; complaints are very rare! One of its best features is that it doesn't need to be charged very often. At £510, it's a bargain.

### **F Storm V**

The Storm V is currently on sale for £385. That is an extraordinary price when you consider the chip inside this phone, which allows it to operate at very high speeds. It even has a special fan so it doesn't get too hot. Storm V's display is bright, making it ideal for video games.

### **G Gold 100**

If you want to enjoy movies on the coolest phone available, get yourself a Gold 100 for £495. This is the smartphone that everyone wants to be seen with. Whether you want to shop online or listen to podcasts, this phone will never disappoint you. Its camera is one of the best ever developed.

### **H Tiger 21**

Normally £350, Tiger 21 is on special offer this week only for £280, so hurry and get yours! This is one of the most stylish smartphones on the market. It has a huge display and a convenient port for headphones. The Tiger 21 looks fantastic.
