

Can't Help Falling Love

(acordes función tónica)

Wise men say

Only fools rush in

But I can't help

Falling in love with you

Shall I stay?

Would it be a sin?

If I can't help

Falling in love with you?

Like a river flows

Surely to the sea

Darling, so it goes

Some things are meant to be

Take my hand

Take my whole life too

For I can't help

Falling in love with you

Like a river flows

Surely to the sea

Darling, so it goes

Some things are meant to be

Take my hand

Take my whole life too

For I can't help

Falling in love with you

For I can't help

Falling in love with you
