- It is not safe for people who have milk allergy.
- Cholesterol is the least nutrient of the product.

7. Which statement is correct about nutrition facts?

- It is used to know about the composition of the product.
- It helps you to find the nutrient levels in one serving.
- It is usually found in the drug label.
- The percentage of daily values are based on a 2500 calorie diet.

Text 4 is for no. 8 – 10.

Simple Ways to Use a Washing Machine

- (1) Pay attention to your clothing care label. Although most clothes are washing-machine washable, but there are some that are not. You need to differentiate between them.
- (2) Separate the clothes by their color. Group them into light color, dark color and jeans or denim.
- (3) Don't forget to separate them by their fabric weight to prevent damage to your clothes.
- (4) Set the machine by choosing the right washing cycle. Whether it is normal, permanent press, delicate or special cycle.
- (5) Set the water temperature, whether it is hot, warm or cool.
- (6) Pour liquid or powder detergent into the machine.
- (7) Dump the clothes in.
- (8) Press the “on” or “process” button.

8. Why is it important for us to read the text above?

- To give description about washing machine.
- To get the best result.
- To avoid any danger in operating washing machine.
- To tell how to wash the clothes.

9. Why should we separate the clothes by their color?

- To prevent damage to our clothes.
- Because dark colored clothes are more likely to fade when washed.
- In order to ease the washing process.
- Because the clothes won't be clean if they are mixed.

10. “Set the water temperature, whether it is hot, warm or cool.”

The underlined word refers to

- Washing cycle
- The machine

- The water temperature
- The water

Text 5 is for no. 11 – 12.

- Open Canva
Open up Canva and search for "Presentation" to create your own design.
- Find the right template
Explore our vast library of simple presentations, educational slideshows, events and special interests video presentations, start-up and business presentations, creative sales and advertising pitch decks, and more. Each template comes with multiple pages.
- Explore features
Browse millions of free professional photos, images, illustrations, icons, charts, grids, and other graphics. Use the "Present" feature to go live directly from Canva. You can even crowdsource questions from your audience while presenting.
- Customize your slides
Upload your own photos, videos, images, or branding elements to your slides. Mix and match elements from different templates. Experiment with different backgrounds, color schemes, fonts, animations, and effects.

11. "Mix and match elements from different templates".

The underlined word has similar meaning with (Choose two answers)

- Combine
- Compare
- Suit
- Blend

12. The goal of the text is

- To give instruction how to create a presentation using canva.
- To know how to use canva for a presentation.
- To describe how to design a better presentation.
- To explore your skill using canva on presentation.

Text 6 for no. 13– 16.

Gado Gado

Ingredients:

- 2 cup shredded cabbage
- 2 cup 1" cut long beans
- 1 bunch swamp cabbage, cut up
- 2 cup beansprouts
- A few lettuce leaves
- 1 cucumber, sliced
- 1 cup cooked cubed soya bean cake
- 1 medium size boiled potato, cubed
- 1 sliced hard-boiled egg
- 2 tablespoons fried onion shrimp crackers

Sauce:

- 1 cup fried peanut
- 1 clove garlic
- 1 teaspoon shrimp
- 2 red chilies
- 1 teaspoon brown sugar
- $\frac{1}{2}$ teaspoon tamarind
- 1 lemon
- Salt to taste
- Water, depending on desired thickness

Preparation:

1. Boil separately the cabbage, long beans, swamp cabbage and beansprouts, then put aside.
2. Pound the fried peanut into a fine powder. Using the mortar and pestle, crush the garlic, shrimp paste, chilies, brown sugar, tamarind into a paste, add a little salt.
3. Mix the peanut and the paste together and add the water to desired thickness.
4. Squeeze the lemon into the sauce.

Presentation:

1. On a serving dish, spread the vegetables out. Put the cabbage first, round the edge with lettuce then put the cucumber slices on top of the lettuce. In the center, put the other vegetables, the soya bean, potato, garnish with the sliced egg.
2. Pour the sauce over all of this, and garnish with fried onion shrimp crackers.

State whether the statements are true (T) or false (F).

NO	STATEMENTS	TRUE	FALSE
13	The text discusses about Gado Gado		
14	We should mix all the vegetables while boiling		
15	We need the mortar and pestle to grind the fried peanut		
16	The last thing we do is decorate with fried onion shrimp crackers.		

The text 7 is for no.17– 20.

How to Make Scalloped Potatoes

Ingredients:

- 5 medium potatoes
- 1 cup of milk
- 100 grams of cheese
- 2 small onions
- Salt
- Pepper

Steps:

- Peel the potatoes and wash. Cut into thin slices.
- Boil the slices in water for a few minutes.
- Heat the milk, but don't boil.
- Add salt and pepper.
- Grate the cheese and chop the onions.
- Put some potatoes at the bottom of a baking pan.
- Put grated cheese and chopped onions on top of the potatoes and some more cheese and onions on them.
- Pour the milk into the baking pan.

Bake it in a hot oven for 45 minutes.

Match the questions in column A with the answers in column B!

NO	COLUMN A	COLUMN B
17	What should we do before putting potatoes at the pan?	An oven
18	What should we do with the potatoes after we cut them?	Grating the cheese and chopping the onions
19	What do we need to bake the potatoes?	Milk
20	What ingredient is added last?	Boiling in the water for a few minutes
