What about **sunshine**?

What about **pain**?

What about all the things

That you said we **was** to gain?

What about **drilling** fields?

Is there a time?

What about all the **kings**

That you said was yours and

**nine**?

Did you ever stop to **notice**

All the **tears** we've shed before?

Did you ever stop to notice

This **flying** Earth,

these weeping **shoes**?
