

LIVING OFF GRID

Tanner and Marian are American. They (a) *live/are living* in a small wooden house on Kodiak Island in Alaska. At the moment they (b) *build/are building* a new house on the island. Their houses are 'off grid', this means that they (c) *don't buy/aren't buying* electricity or water from a company every month like most people. They (d) *use/are using* solar panels to make electricity and they (e) *get/are getting* water from the ground every day. On a typical day they (f) *get up/are getting up* at 5.30 am and then they (g) *take/are taking* their dogs for a walk at the lake. At 7 am they (h) *make/are making* a fire, then they (i) *have/are having* breakfast before starting work on their new house. At the moment they (j) *get/are getting* ready for winter – they (k) *cut/are cutting* lots of wood for the fire in their old house. They both love living off grid in this beautiful part of the world.
