

Match the steps

I don't cook very well; but there is a recipe that my family loves. Pizza!

You need:

- Some cheese.
- Tomato sauce.
- Onions and peppers
- Some ham
- Salt and pepper
- Pizza dough

- **Boil** the tomato sauce and let it cool for a while. **Knead** the pizza dough for 10 minutes and let it rest.
- **Cut** the ham and **slice** the onions and peppers. **Grate** some cheese, too.
- **Put** some sauce on top of the dough, then put some cheese, ham, onion and pepper slices. **Add** some salt and pepper, too.
- Put the pizza in the oven, and **bake** it for 45 or 60 minutes.
