#### What's Going On This Month?

EMILY STEVENS – November 10

Last year was hard, but my life is great <sup>1</sup>**today / at the moment**. I'm <sup>2</sup>**currently / at the moment** spending a lot of time studying, and my friend is visiting for a few days <sup>3</sup>**today / right now**. <sup>4</sup>**At the moment / these days** she's out shopping – she loves staying here near the mall. It is raining <sup>5</sup>**today / these days**, so it's a good day for shopping. My father is away <sup>6</sup>**these days / at the moment** on a business trip, and <sup>7</sup>**right now / these days** my mother is sleeping, so the house is quiet – it's easy to study. I'm really enjoying my college course <sup>8</sup>**at the moment / today**, because this semester we are learning about Japan, which I love.
