

LIKES AND DISLIKES

Hello, my name is Lisa. I am 25 and I am single. I live with my boyfriend in a nice little house in Liverpool. I am a shop worker and I study Spanish in the evenings. I don't like staying at home at weekends because it is boring. I like playing basketball and cycling on Saturdays. I love going to the cinema and the theatre. I also like listening to music and dancing. My favourite band is The Beatles. I hate getting up early, but I have to work. I don't like watching TV very much, but I love watching basketball matches. Finally, I like travelling and I'd love to travel to Spain one day.
