

REVIEW FOR FINAL TEST

Exercise 1: Choose the correct words to complete the text.

The brain: our hungriest organ

Our brains account for 2% of our weight, but ¹ **reduce / consume** 20% of the energy that our bodies ² **produce / digest** after eating. When we sleep, our brains continue to ³ **burn / produce** energy because they are still working. They ⁴ **process / burn** all the day's activities and create memories. The brain also repairs itself, but if we don't sleep enough, it ⁵ **reduces / burns** the time that our brains have for this work. Having fewer hours of sleep also affects our diets, as it is more difficult for our brains to ⁶ **control / process** our weight if we don't sleep enough. If we want to ⁷ **consume / boost** our brains' energy levels, we should do exercise.

Exercise pumps blood full of oxygen to our brains.
