

## Apply Concepts

2

Look at the picture of the food chain below. Label each as either producer or consumer.

3

Label the predator and the prey in each pair of animals.

4

Draw a food chain in which you are the last link. Describe the flow of energy through it.

What crops do you eat? Make a list. Ask members of your family to add to your list. Find out where these crops come from. Are they local, or are they from far away?
