

## Complete these places' description

This is a picture of Bled in Slovenia. It is famous for its beautiful <sup>1</sup> with an <sup>2</sup> in the center. Around the town you can see a <sup>3</sup> and some snowy <sup>4</sup>.

Malaysia has many white sand <sup>5</sup>. This one is special though. The <sup>6</sup> is so clear and in the background you can see <sup>7</sup> covered in <sup>8</sup>, where you can go hiking if you're feeling adventurous!

This is one of my favorite places in Egypt. I love sailing down the <sup>9</sup> with the empty <sup>10</sup> all around us.
