

## In the zoo

**Read and write the animals you find**

### **Anna's Morning Routine on the Farm"**

Anna lives on a farm, and her morning routine is busy. She wakes up early at six o'clock and feeds the chickens. They cluck happily as they eat. Next, she milks the cows and gives them fresh water. At seven, Anna has breakfast with her family, usually with eggs and toast.

After breakfast, she walks to the barn to check on the horses. She brushes them and makes sure they have enough hay. Later, she goes to the pond and watches the ducks swimming. By nine o'clock, she finishes her chores and gets ready for school.

**1. Write the animals you find in the story**

**2. Put in order the Morning Anna's routine**

Have breakfast   Feed the chickens   Milk the cows   Check on the horses   Watch the ducks
