Snorkeling is swimming with a snorkel, a breathing tube. The term snorkeling comes from submarine with reference to submarine snorkels, which are used for a similar function, namely breathing while submerged. Guy Gilpatric, an American writer, invented the term in 1983. Snorkeling isn't really modern. The first snorkelers were sponge farmers on the Greek island of Crete, dating back to 3000 B.C or 5000 years ago. They submerged and retrieved natural sponge for sale using hollow reeds.
