

1-Read and write True or false. Correct the false ones.

Hi! I'm Erica and I'm 13 years old. I'm from New York and the girl in the photo is my best friend, Olga. She is 14 and she is from New York too. I live in a house and she lives in a small flat. We go to Princeton school. We are in grade 8. We are in the school football team because we love football and can play very well.

I have got a brother and a sister. Their names are John and Penny. We haven't got a pet but I love animals. My favourite activity is listening to music. I can play the guitar but I can't sing.

Every day, I get up at 7:30, have breakfast, brush my teeth and go to school. I go on foot because I live very near school. Classes start at 8:00. On Wednesdays and Fridays, I have music lessons and I play the guitar. On Thursdays I go to the club because I play football with my friend, Olga. On Mondays I do karate in the evening at the club too. Tuesdays are my free days. I watch TV and chat with my friends in the afternoon. I Love Tuesdays!

Olga, my friend, hasn't got any brothers or sisters but she has got a cat. Her name is Princess. She is six years and loves playing with Olga. She can ride a bike but she can't play any instruments. She has a very busy week too. Every day she gets up at 7:00, brushes her teeth and goes to school by bus. On Tuesdays she has Spanish lessons and on Wednesdays and Fridays she goes to Trampoline classes. On Thursdays we play football together in the club. Her free day is Monday but she usually does her homework in the afternoon.

At the weekend, we don't meet with Olga. I stay at home on Saturdays and do my homework and on Sundays I visit my Grandma. Olga also goes to her Grandma's house on Sundays and she cooks cakes with her.
