What a trip!

by Alan Reardon

I've travelled to many countries in my life, but my trip to Mexico last year was the best. Unfortunately, the trip didn't start very well. When I arrived in Mexico City, I wasn't feeling well, so I spent the first two days in bed and saw nothing of the city.

However, on the third day nothing could stop me from getting on the plane to Acapulco. I've seen people do amazing things, but the cliff divers of *La Quebrada* were something else! They jumped from a height of 45 metres! I did something exciting too, but less dangerous: I went scuba diving near Acapulco. The fish down there were so beautiful that I regret not taking an underwater camera with me to take pictures.

During the month I stayed in Mexico, I went surfing in *Baja California*, swam with dolphins in *Puerto Vallarta* and climbed *Iztaccihuatl*, which is one of Mexico's most amazing volcanoes. The view from up there was impressive.

I had a lot of fun and I'm definitely going back some time in the future.
