### Lessons In Life

*Damian Brand offers four lessons to help you with your career choices.*

There is a famous quotation by American inventor and businessman Thomas Alva Edison (1847–1931): “Genius is 1% inspiration and 99% perspiration.” So, lesson number one: if you want something in life, you need to work really hard for it.

Lesson in life number two: do what you love. If your job is about something you really like, you have a very good start. I believe that people who work hard are people who usually love their jobs.

Lesson number three: know what you want to achieve and how you can achieve it. My advice is to make a list of goals and practical things you can do to achieve them.

Lesson four: believe in your talents, and don’t give up. It’s easy to think that employers don’t want you or what you can do. But your big break is just around the corner ...

- 1 This article says that success is *easy* / *hard* work.
- 2 It helps if you *enjoy* / *don’t like* what you do.
- 3 Goals *help* / *invite* you to be successful.
- 4 Don’t stop *working* / *playing*.
