1.Traditional origami consists of...	**a. an origami design approach in which the model is conceived as an engineered crease pattern, rather than developed through trial-and-error.**
2.Technical origami…	**b. folding a single sheet of square paper (often with a colored side) into a sculpture without cutting, gluing, taping, or even marking it.**
3.Abstract origami…	**c. requires two or more pieces of paper.**
4.Action origami models...	**d. do not directly represent any objects of the real world.**
5.Modular origami...	**e. are unique in that they move.**
6.Origami Clothing...	**f. folded as if they were pieces of paper whereas others are made to resemble origami but are not really folded origami-style.**
7.Food origami…	**g. are actually made of paper whereas others are made with fabric but have origami folds in them**
