

## Transferring the major

A: Now, then, Mr., uh, Vickstad. How can I help you?

B: Well, I'm thinking about (.....), but I'm, I'm not sure...

A: I was hoping you could help me make a (.....).

B: I'll try.

A: Where are you thinking of transferring to? And why do you want to leave Kryptos U?

B: Um... I'm thinking of going to Central University, because it's in my hometown.

A: I've uh, been kind of (.....) this year, and I haven't made many friends...

B: I just feel so lonely.

A: So, I thought that uh, maybe, it'd be better to be closer to my parents and friends and all.

B: I see.

A: And would you keep the same major if you transferred?

B: What is it... business administration?

A: Yeah, I would.

B: The credits I've earned here will transfer to (.....).

A: I've already checked.

B: May I ask why you chose to come to Kryptos University in the first place?

A: Sure.

B: Um, well, the main reason is you have a great (.....) school. And the second reason is that I... I wanted to get away from home.

A: You're right, Mr. Vickstad, we do have an (.....) business school. But, so does Central. The thing is, you've got almost a year under your belt here now. At Central, you'll be starting from scratch.

B: Yeah, I know that. But I'm a little bit familiar with Central, 'cuz I had older friends who went there, and I visited it before I came here.

A: You know, freshman year is usually the hardest.

B: I remember how homesick I was my first year. I'll tell you, I was ready to pack it in after the first two weeks. But the longer I stayed, the more (.....) I felt. By senior year, I was glad I chose to stay.

A: Really? Did it get a lot better your sophomore year?

B: Yes, it did. You might well find the same is true for you.

A: Also, even though your credits here will transfer, you will have to take extra courses, because Central has (.....) requirements. You'll probably have to go to school for an extra year.

B: Hmm... I hadn't thought about that. I'll have to check into it. Maybe I should give it one more year.

I mean, it's probably good for me to learn to live away from my family and friends, right? It'll make me stronger in the future.

A: You can always move back there after you graduate. Of course, by that time you may not want to!

B: Thank you for all your help. I guess I'll find out the exact transfer requirements. You've given me a lot to think about.

A: Don't mention it. If you feel like you wanna talk more, don't (.....) to come back and see me.

Questions:

1. Why is Mr. Vickstad considering transferring from Kryptos University to Central University?

.....

2. What is Mr. Vickstad's main reason for initially choosing Kryptos University?

.....

3. How does the advisor suggest Mr. Vickstad might feel if he stays at Kryptos for another year?

.....

4. What potential downside does the advisor point out if Mr. Vickstad transfers to Central University?

.....
