PART 4

You should spend about 20 minutes in this part.

Read the text and answer the questions that follow.

Choose **no more than five words and/or a number** from the text for each answer.

Lily's Magical Adventure

In a cosy town surrounded by green hills and tall trees, there lived a quiet girl named Lily. Lily was different from the other kids in town. While they played outside, she preferred the company of books. She was known as a bookworm because she loved to read so much.

One day, while exploring the dusty shelves of the old library, Lily found a special book hidden in a corner. The book looked old and worn, but when she opened it, something amazing happened. Suddenly, Lily was transported to a magical world full of castles, talking animals, and friendly wizards. But trouble was brewing in this magical land – an evil sorcerer was causing chaos!

With the help of new friends she made along the way, Lily went on a quest to defeat the sorcerer and save the kingdom. They faced challenges like scary forests and tricky puzzles, but Lily was brave and clever. In the end, Lily and her friends defeated the sorcerer and saved the kingdom.

As Lily closed the book and returned home, she felt proud of what she had accomplished. Even though she was just a regular girl who loved to read, she had been able to do something amazing. From that day on, Lily knew that adventures could be found in the pages of a book. With a smile on her face, she couldn't wait to see where her next adventure would take her.

---
