

Subjective Test: Mixed Conditionals (5 Questions, 5 Points)

Complete the text by putting the verbs in the correct form of the **zero**, **first**, **second**, or **third conditional** by Ajarn Muhammed Kazim Raza.

Space Exploration

If humans _____ (not land) on the moon in 1969, we wouldn't know so much about outer space today.

If astronauts _____ (not train) rigorously, they won't survive the challenges of space travel.

If we _____ (invest) more in space technology, we could discover other planets suitable for life.

If scientists _____ (not build) the International Space Station, space research would have been much slower.

If Earth _____ (not be) habitable, humanity would have looked for new homes long ago.
