Through their binoculars, the children watch the pirates sail away. They also see another ship with ~~green~~ sails and a black flag. When they look to the south, they see a bigger island with a town on it. Then they go to dig up the treasure. After three hours, they find the chest which is full of gold coins. While they are deciding what to do with the treasure, they see some people with children arriving. They bring coconuts and talk to the people, who explain that the pirates have stolen their gold. The children show them the treasure and give it back to them. They tell the people to go to the town on the other island. The people then leave.

Later, at night, five pirates and their prisoner arrive. They are looking for the treasure, but they only find a big hole. Patrick sneezes and the pirates find the children. The pirates want to know where the chest has gone and they threaten to throw the children into the sea. Then the light appears in the hole, so the children jump in and escape.
