

Listening comprehension activity

Dear students,

Listen to the video and answer the following questions

1. What is e-money, and what are its main features?

2. What are the good and bad things about using e-money?

3. Why might e-money make people talk face-to-face less often?

4. How do you think e-money will be used in the future?

5. How does e-money affect how people manage their money?

6. How do students' opinions connect to how they use technology today?

7. Why are studies about e-money important for society?

8. Would you use e-money in your daily life? Why or why not?
