I work a lot and I eat healthy food for energy! I usually buy a lot of fruit, like apples, bananas, and pears. The cafeteria on the movie set isn't good, so I usually take a lunch box from home with some bread and cheese. Later I eat a big meal with my family - maybe chicken and noodles.

Marie, photographer, 25 years old

I like cooking and I don't usually eat out. So I always buy a lot of rice, fish, and eggs - and broccoli! I love broccoli. I usually go shopping every day so my food is fresh. I come from France and we think that food is very important.

Sally, sales clerk, 45 years old

I have two children and they eat a lot. This food isn't all for me! I have a lot of meat, beans, and pasta because my children are always hungry. And I have some chocolate here, too. It's my daughter's birthday today and this is for her cake. I don't usually buy chocolate.
