

Last summer, I went on holiday with my wife to the Canary Islands and it was a(n) 1 **unforgettable** experience. There are seven Canary Islands, but we visited two of them, Tenerife and Gran Canaria. They are a top tourist 2 **attraction** for people from all over the world, because of their 3 **impressive** breathtaking beaches and the beautiful countryside. The travel 4 **agency** organised a very interesting trip for us and our tour guide was very helpful. In Tenerife, an 5 **enjoyable** activity we discovered was birdwatching, as well as whale watching. In Gran Canaria, we visited a few 6 **peaceful** villages. We also enjoyed long walks on their 7 **fascinating** beaches. I recommend the Canary Islands to anyone who wants to have a good time. The 8 **truth** is that I have never visited such a unique place in my life.
