

Identify the persuasive technique used in each example below:

| | | |
|------------------------|-----------------|---------------------|
| Analogy | Repetition | Rule of Three |
| Authoritative Evidence | Contrast | Rhetorical Question |
| Emotive Words | Personal Appeal | Exaggeration |

| Example | Technique |
|--|-----------|
| Aren't all people people, regardless of our nationality or culture? | |
| If a person hoards garbage and other things in their home, over time there is no space left to be filled in that home but many rodents and pests see that as an opportunity to move in. The same principle applies when we put things that are bad for us into our bodies. | |
| So many around the world are suffering. You have the power to help. | |
| Your success is in your hands! | |
| Request, Review or Recommend. | |
| The Ministry of Health has confirmed 26 new COVID19 cases in March of 2020 and tracks the pattern of spread across the island. | |
| Lush, green valleys and hills become permanently transformed into empty spaces of scarred waste land. | |
| Inflation rates have a strong hold on hard working Jamaican citizens, daily choking the life out our economy, bleeding our citizens dry. | |
| We must learn to take responsibility for our actions. We must learn to fearlessly call out injustice. We must learn. We must learn. | |
