---

#### **Section 6: Reading Comprehension**

Read the passage below and answer the questions.

##### **Sports and Health**

Playing sports is not just fun, but it also helps to maintain physical and mental health. Regular exercise through sports improves heart health, strengthens muscles, and reduces stress. Team sports like soccer and basketball also teach teamwork and communication, while individual sports like tennis and swimming focus on self-discipline.

**Questions:**

1. What are two physical benefits of playing sports?
  2. How do team sports differ from individual sports?
  3. Why is playing sports good for mental health?
- 

### **Section 7: Speaking Activities**

Record your answers for the following tasks.

1. Describe your favorite sport.
  - What is it?
  - Why do you enjoy it?
  - How often do you play or watch it?
2. Imagine you are a coach preparing your team for a championship.
  - How would you motivate your players?
  - What strategies would you use during the game?
