

# Summer? Winter? Both!

1 Do you like to go snowboarding? If you go to Huacachina, Peru, you can go snowboarding in the desert! In Huacachina, there are sand dunes almost 45 meters tall. You can ride to the top of the sand dunes in a jeep, and then hop on your snowboard and ride down the sand to the bottom of the hill. But be careful! If you fall, the sand can hurt – a lot! Make sure you wear a helmet and boots.

2 In Cornwall, in the United Kingdom, you can enjoy summer weather anytime. The Eden Project has a 50-meter tall biome with a rain forest inside. Visitors can see more than 1,000 types of plants and trees. In some parts of the biome, it can be 35°C! That probably feels good in the winter when it's only 6°C outside. The biome has four different types of rain forests: tropical islands, Southeast Asia, West Africa, and tropical South America.

3 Mt. Seorak is one of the most famous mountains in South Korea. People visit the mountain all year round, but winter is a special time here. You can go skiing on the mountain, but you can also go swimming at a water park. Seorak Waterpark has swimming pools filled with water from natural hot springs. The water has minerals in it, and many people say it is good for your health.

4 In the summer, the average temperature in Abu Dhabi, in the United Arab Emirates, is 42°C. Members of the Abu Dhabi Ice Sports Club can go ice skating all year. At the club, you can take ice skating lessons, watch figure skating shows, or even play ice hockey. The indoor ice skating rink feels great on a hot summer day.
