**Patient** I've hurt my wrist. I think I've sprained it.

**D** When did you do it?

**P** Yesterday evening. I fell off my bike.

**D** Can you move your hand?

**P** Not really.

**D** Does it hurt?

**P** It hurt a lot when I did it, but it isn't very painful now.

**D** I'll put a bandage on it. Try not to use your hand for a few days.

## DIALOGUE # 2

**Doctor** Hello. How can I help you?

**Patient** I've bruised my leg.

**D** Can you show me?

**P** Here, just above my ankle.

**D** Yes, that's a nasty bruise. How did you do it?

**P** I fell down the stairs. Do you think I've broken a bone? It really hurts when I walk.

**D** It's possible. I'll send you to the hospital for an X-ray.
