Interviews

1

JULIA What do you like about camping?

MAI We love to get away from it all. The pace of life is relaxing – it's a pace that suits us, whatever our destination.

JULIA Ten years from now, will you still be camping?

MAI Yes, we'll be doing the same as we're doing now. It's the perfect escape from modern life. We especially like to choose somewhere off the beaten track. The more hi-tech our lives become, the more popular camping will be.

2

JULIA What type of vacation will you be taking ten years from now?

ROSA I'll be doing the same as last year. I don't think anything will change.

JULIA How about going to the Moon?

ROSA I won't be traveling to the Moon. I'd like to go to a warm, sunny place with places of interest for my vacation.

JULIA Will you still be going to the same places on vacation?

ROSA Yes, I'll be swimming in the ocean. I won't be flying around with my jetpack at a resort on the Moon. And you can't do much sightseeing there, either. For me, it's a vacation in the sun, not among the stars.

3

JULIA What type of vacation will you take ten years from now?

DAN I'll be sitting in my living room, enjoying a virtual vacation. I won't be worrying about peak season prices.

JULIA Would you go to the Moon?

DAN Yes! I'm going to sign up for space travel as soon as I can. But I'm going to wait until it's cheap enough. I can't afford the prices just now.

JULIA How about a vacation under the sea?

DAN That sounds cool. There are going to be plenty of different and exciting opportunities in the future! But how much is it going to cost?
