

\_\_\_\_\_

I try to hold it in the night  
While you're sleepin' next to me  
But it's your arms that I need this time (This time)

Look at \_\_\_\_\_ that we've been dealt  
If you were anybody \_\_\_\_\_  
Probably wouldn't last a day  
Every tear's a rain parade from hell (From hell)

Baby, you do it so well  
You been so understanding, \_\_\_\_\_  
And I'm puttin' you through more than one ever should  
And \_\_\_\_\_ 'cause you don't want to  
Admit that it hurts you

I know that it breaks your heart when I cry again  
Over him, mmh  
I know that it breaks your heart when  
\_\_\_\_\_

'Stead of ghostin' him

We'll get through this, we'll get past this, I'm a girl with  
A whole lot of baggage  
\_\_\_\_\_, we'll get past this, I'm a girl with  
A whole lot of baggage, yeah

Though I wish he were here instead

\_\_\_\_\_

He just comes to visit me  
When I'm dreaming every now and then (And then)  
And after all that we been through (And after all that we been through)  
There's so much to look forward to  
\_\_\_\_\_ and what was said  
Leave it all here in this bed with you (With you)

Baby, \_\_\_\_\_  
You been so understanding, you been so good  
And I'm puttin' you through more than one ever should

And I'm hating myself 'cause you don't want to  
Admit \_\_\_\_\_, baby

I know that it breaks your heart when I cry again  
Over him, mmh  
I know that it breaks your heart when I cry again  
'Stead of \_\_\_\_\_ him

We'll get through this, we'll get past this, I'm a girl with  
A whole lot of baggage  
But I love you, we'll get past this, I'm a girl with  
A whole lot of baggage, yeah
