The telephone is one of the most influential inventions of all time. It was invented by Alexander Graham Bell in 1876. The telephone revolutionized communication by allowing people to speak to

each other over long distances. Before the telephone, sending messages took a lot of time and effort. With the telephone, all you had to do was pick up the receiver and dial the number. It brought people closer together and made the world feel smaller. Today, we have smartphones that are like portable telephones, allowing us to call, text, and even video chat with anyone, anywhere in the world. The telephone truly changed the way we connect and communicate with one another.

Câu 17. Alexander Graham Bell invented the telephone.
