

Elric's Busy Christmas

Elric is a cheerful elf who works at Santa's workshop. He lives in the North Pole with other elves and reindeer. Every day, Elric helps make toys for children around the world. He builds dolls, toy trains, teddy bears, and puzzles. His favourite toys to make are the ones that can move and light up.

On Christmas Eve, Elric and his elf friends work extra hard to make sure every gift is ready. They wrap the toys in colourful paper and tie ribbons around them. The workshop is filled with the sounds of jingling bells and cheerful music. When everything is finished, Elric helps load the presents onto Santa's sleigh.

This year, Elric hopes Santa will bring him a new set of paints and brushes for his toy-making projects. After their work is done, Elric and the elves celebrate with cookies and hot chocolate. They sing songs and share stories about their favourite toys.

True or False

1. Elric works in Santa's workshop.
2. Elric lives in a small town with his family.
3. Elric makes cookies for children.
4. Elric likes making toys that light up.
