

THE MORALS OF VISITATION AND HOSPITALITY

Match the following:

Ask permission before entering and ring the bell once or twice but not more than three times

Must mention your name and avoid saying:
I am

Do not take long time in the visit, when you want to leave ask permission.

If no one opens the door, go back to your home without getting angry

Think and differentiate the etiquette of Guest and Host.

To welcome the guests with smiling face	To ring the doorbell 3 times	To sit in a convenient place	To offer food and beverages
To ask for permission before leaving	To welcome the guest with nice and friendly terms	To avoid interrupting the guest while talking	To say good bye in a decent manner
