Check for Understanding

TEKS 4.10C I can explain the difference between weather and climate.

Select all statements that describe weather in a area.

- ☐ It is raining all day tomorrow.
- ☐ We can expect snow in the north of Washington for the month of December.
- ☐ The summers are really hot in Texas.
- ☐ It's finally sunny tomorrow and we can go outside for recess.
- ☐ The equator is really hot all year round.
- ☐ Make sure to wear your mittens and jacket tomorrow.
