28. How can she get to work if she does the job?
29. How much can she earn a week?
30. What is the sale manager's name?

READING COMPREHENSION (2 POINTS)

Passage 1: Read the passage and complete each sentence WITH NO MORE THAN THREE WORDS OR A NUMBER from the text.

Is organic food safer and more nutritious? This is an important part of the debate. Many farmers and consumers believe it is. They think agricultural chemicals can cause serious illnesses like cancer, but there isn't much evidence proving this is true. However recent studies have shown that eating organically-grown produce reduces your chances of developing heart disease. Many doctors think it's more important to stop dangerous bacteria from contaminating foods. These bacteria can contaminate both organic and non-organic fruit and vegetables, and doctors recommend washing produce

carefully before eating it. Meat, fish and chicken can also become contaminated, so washing your hands before handling these foods is also very important. Many doctors also believe we should reduce the amount of sugar in our diets, and there is a lot of evidence to support this idea. They recommend carefully checking the list of ingredients on processed food and drinks for all the words that really mean sugar, like glucose, sucrose and fructose. And they remind us that the aim of most big food companies is to make lots of money, even if they damage our health while doing so. This means processed foods that are called "organic" can also be very unhealthy if they contain lots of sugar. Most people agree that naturally grown food tastes better. Is tastier food worth the extra money? That's a matter of opinion. Whether organic food is healthier or not is still not clear, so more research is needed. However, consumers of organic food often say "better safe than sorry" when it comes to what we eat.

31. A number of farmers and consumers think that organic food is not only safer but also _____.

32. _____ which is dangerous can contaminate foods, so we should stop them from doing so by washing fruit and vegetables carefully.

33. Many evidences prove that people should be on _____ with less sugar; therefore, they should read carefully the list of ingredients on food and drinks before eating.

34. The foods which are _____ with much sugar are not good for our health even when they are known as "organic".

35. We still need to carry out more _____ to check if organic is healthier.

Passage 2: Read the passage and answer each question with NO MORE THAN THREE WORDS from the passage.

Sarah is a high school student who follows a strict daily routine. She wakes up every morning at 6:30 am and starts her day by taking a shower and getting dressed. After getting ready, she eats a quick breakfast of oatmeal and fruit before heading out the door to catch the bus to school. Sarah attends classes from 8:00 am to 3:00 pm and has a packed schedule with a mix of academic and extracurricular activities. She has math, science, and English classes in the morning, and history, Spanish, and art in the afternoon. In between classes, Sarah often spends time in the library studying or working on group projects with her classmates. After school, Sarah heads to her part-time job at a local coffee shop, where she works from 4:00 pm to 7:00 pm. She enjoys interacting with customers and learning new skills as a barista. When she returns home from work, Sarah eats a healthy dinner with her family and spends some time catching up on homework and studying for upcoming exams. She also makes time for her hobbies, such as playing the piano and reading. Before going to bed at 10:00 pm, Sarah sets out her clothes and packs her bag for the next day. She values the importance of a good night's sleep and makes sure to get at least eight hours of rest each night.

36. How does Sarah travel to school every day?

37. What languages does she study at school?

38. What job does she do at the coffee shop?

39. How is her dinner with her family?

40. How long does she sleep each night?

WRITING (1 POINT)

Write a short paragraph (80 -100 words) about your favourite season using the following suggested questions:

- What is your favourite season?
- When is it?
- What is the weather like in that season?
- What do you often do in that season?
- Why do you like that season?
