Are you looking for a fun new sport? Then why not try hula hooping? This is an easy and cheap sport that 1 **can/can't** help you to get fit. You 2 **mustn't/don't have to** have any special equipment – except for a hoop of course. You 3 **have to/can't** have enough space to move the hoop, but that's it! The aim of hula hooping is simple: you 4 **must/don't have to** move your body in circles to keep the hoop moving around your waist. It's harder than it sounds! I tried it at a class last week. At first, I 5 **didn't have to/wasn't able to** keep the hoop up for more than a few seconds. But I kept trying and eventually I found that I 6 **can/could** do it! Go on, give it a try!
