

## Lily and the snowman

Stay with me,  
My love I hope you'll always    
Right here by my side if ever I needed you

year

Oh my love  
I will follow you will you follow me    
All the days and nights that we know will be  
I will stay with you will you stay with me  
Just one single tear in each passing  

now

With the dark,  
I see so very clearly    
All my fears are drifting by me so slowly now  
Fading  

be

I can say  
The night is long but you are here    
Close at hand, I'm better for the smile you give  
And while I  

live

nights

I will follow you will you follow me  
All the days and   that we know will be

I will follow you will you follow me

away
