

Identify the description of each one of the following Collaboration strategies

Collaboration strategies	Descriptions
Communicating	exchanging information, resources, and knowledge promotes a sense of community and allows team members to learn from each other.
Sharing	The most basic form of collaboration. It includes the use of emails,
Tasking	Follow up that helps teams stay on schedule, identify potential roadblocks, and make adjustments as needed.
Tracking	Assigning tasks and responsibilities clearly helps ensure that work is distributed efficiently and that everyone knows their role.
