Story 2: My Winter Holidays

This winter holiday was full of fun and adventure! I spent most of my days playing in the snow with my friends. We built a big snowman with a carrot nose and a scarf, and we even had a snowball fight. It was so exciting!

On some days, my family and I stayed at home where it was warm. We drank hot chocolate and watched movies together. One evening, we baked cookies, and the house smelled so nice. It was so great to spend cold days.

I also read some new books about the adventures of young boys. My holidays were relaxing and happy.
