

The Line

My body's on the line now
I can't _____ this time now
I can feel the light shine on my face
Did I disappoint you?
Will they still let me over
If I cross the line?
Take a _____
But I'd _____ you not be here for
What could be my final _____
Stay your _____ eyes on course
Keep the memories of _____ I was before
So stay with me because
My body's on the line now
I can't _____ this time now
I can feel the light shine on my face
Did I disappoint you?
Will they still let me over
If I cross the line?
Honestly
I thought I was fully _____ for
The threshold in store
Stay your _____ eyes on course
I guess I never really _____ my fears before
So stay with me because
My body's on the line now
Pull the _____ tight now
I can feel the light shine on my face
Did I disappoint you?
Will they still let me over
If I cross the line?
Please don't let them _____ me
Sure there's nothing _____ to try
I can feel the light shine on my face
Did I disappoint you?
Will they still let me over
If I cross the line?
If I cross the line
If I cross the line
