Welcome to Active Gym 365. Our first rule is that everyone (**1**) **must** / **may** sign in at reception before using the machines. At busy times, you (**2**) **need to** / **don't have to** set the machine for a maximum of 20 minutes so that everybody has an opportunity to use them.

Sometimes the changing rooms (**3**) **might** / **need** be locked, so you will (**4**) **have to** / **must** get the key from the reception. Early in the morning, the showers (**5**) **have to** / **may** be cold when you turn them on – this is normal. You (**6**) **needn't** / **can't** bring your own towel, because there are always clean ones available at the reception.
