As soon as I 9 **have/will have** enough money, I 10 **move/’ll move** to the city and look for somewhere to live.

✓ Reading

Read the article about three types of work experience. Then answer the questions by identifying which type it relates to, A (an apprenticeship), P (a part-time job) or U (unpaid work).

Getting work experience

For many young people, finding a job without having any experience is a great challenge. Here are three ways young people in the UK can solve this problem.

★ AN APPRENTICESHIP

In the UK, an apprenticeship is a paid, full-time position between one and five years in length that allows people to be trained in skills relating to a particular area of work. Apprenticeships can be done in many different industries, but apprentices will have to be at least 16 years old and no longer in full-time education. Apprentices spend at least 20% of their time training for the role, and although the pay is low, they may get a job when they finish, if they work hard.

★ A PART-TIME JOB

In most cases, a part-time job is better paid per hour than an apprenticeship, but it may be for only a few hours a week. Although young people probably won’t work in the area, they are thinking about specializing in, they will learn some valuable soft skills. Soft skills, such as critical thinking and time management, are personal qualities and abilities that you need to succeed in many jobs, and employers often ask for them. Working as a waiter in a restaurant, for instance, will develop many such abilities including verbal communication, problem-solving and math.

★ UNPAID WORK

To some, this may look like the worst option of the three, but there are many benefits. For example, if a young person wants to work in social media, they could try offering their services to a local company. They will get valuable experience, their résumé will look better, they will make contacts in the industry and if they impress the boss, they may be offered a full-time position after finishing their studies.

Which type of work experience...

1. appears to be the worst option but actually has many benefits?	Apprenticeship	Part-time job	Unpaid work
2. cannot be done while a young person is still at school?	Apprenticeship	Part-time job	Unpaid work
3. mentions learning skills which can be applied to a variety of positions?	Apprenticeship	Part-time job	Unpaid work
4. will give a young person direct instruction in specific skills?	Apprenticeship	Part-time job	Unpaid work
5. has meeting people as an advantage of this option?	Apprenticeship	Part-time job	Unpaid work

✓ Listening

Listen and circle the correct option in Laura's and Carlos' notes

Laura's notes:

Need to **1** charge phone/arrive early for the soccer match.

Don't forget **2** food and drink/ a guidebook for Julian's trip.
