SIMPLE PAST

A. Use

We use the **simple past** to talk about finished actions that happened in the past.

B. Time Markers

Words that show the time of an action are called "time markers." Common time markers for the simple past are *yesterday*, *last*, *ago*, and *when*.

Time Marker	Examples
yesterday	<ul style="list-style-type: none"> I walked my dog yesterday. He called me yesterday morning.

C. Form

A common way to form the simple past is to add *-ed* to the end of a verb. These verbs are called “**regular** verbs.”

Other verbs have many kinds of changes. They are called “**irregular** verbs.”

The **Be** verb is a special kind of irregular verb. It has two forms (*was* and *were*). It also has different sentence patterns.

Let’s look at regular verbs, irregular verbs, and the *Be* verb in more detail.

D. Regular Verbs

To form the past tense of regular verbs, add *-ed* to the base verb.

Type of Sentence	Pattern	Examples
