

CITY CREATOR: MEDIEVAL EDITION

Instructions: You will need to create your own city following the instructions below. When you complete a task, write a tick ✓ to indicate that you have completed the task.

- Choose a background that you like.
- Build a big **SQUARE** castle in the middle of the land. It needs to have a roof with people and a blue flag.
- Build a MOAT (foso) around the castle. Use water and walkways to define the area.
- Use stairs.
- Build a village. Build five full houses, two houses from scratch (de cero) using building + roof.
- Place ten people and, at least, one couple who are in love.
- Place four horses and, at least, two carts.
- Connect the castle with the village using roads.
- Place, at least, 20 trees in the village.
- Include something that YOU like.
