

Exploring Places in the Wild

When you go exploring in the wild, you can find many interesting places and things. You might walk through a **forest** filled with tall **trees**, cross a **bridge** over a **river**, or follow a **narrow path** that winds through the landscape. You might stop at a **picnic area** for lunch, or park your car in a **car park** before starting your adventure. Along the way, you could see a **waterfall** cascading down **rocks**, or walk on a **flat, muddy** trail. Some trails might be **steep** or **wide**, and you might even find a **huge** tree to admire.

Fill in the Blank: Fill in the blank with the correct words.

1. We had a picnic lunch at the ____.
2. The ____ was very narrow, so we had to walk in a single line.
3. We crossed a wooden ____ over the river.
4. The trail was ____ after the rain, so we had to be careful not to slip.
5. The ____ tree was the oldest one in the forest.

Word bank: wide, waterfall, tree, narrow, path, flat, muddy, picnic area, huge, bridge
