Happy Republic day to all.

I am studying in class

Republic day is the national festival of India.

I want to speak about our constitution.

The constitution is the supreme law of India.

It holds the highest judicial importance in India.

It shows our duties, rights, limitations and so many.

Our constitution takes time to prepare for about 2 years 11 months and 18 days.

Dr.B.R. Ambedkar was the drafting committee chairman.

The constitution of India is the longest written constitution in the whole world.
