Assignment 7: Create pie chart

Complete the table and draw a pie chart to show the data.

$$Degrees = \frac{percentgae}{100} \times 360°$$

1. The pie chart shows Sara's monthly expenses

Items	Percentage of expenses	Degrees
Food	25%	90°
Education of children	20%	
Clothing	10%	36°
Household expenses	15%	54°
Savings	30%	
Total		

From 1, Data in a table shows as a pie chart as follows: Choose the correct pie chart.

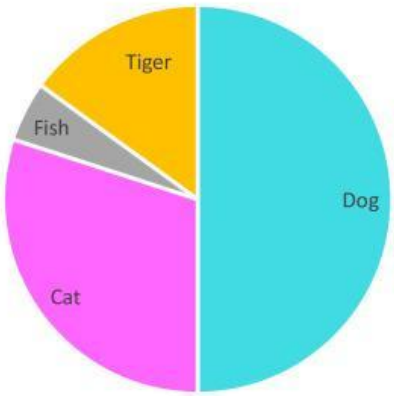

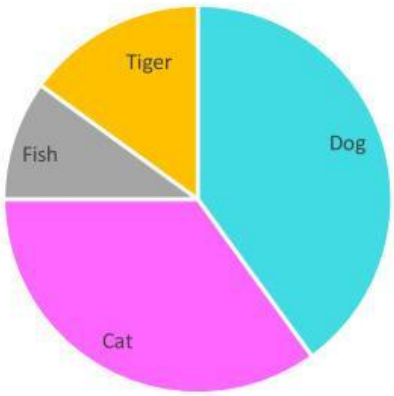

LIVEWORKSHEETS
