## Reading

### Compare and Contrast

#### Compare

When you compare, you tell how two or more things are alike, the same or similar. Some key words that let you know you are comparing are:

- alike
- the same as
- similar
- in common
- also
- too
- both

Example: Let's compare a shark and a dolphin. Let's tell how they are alike.

**Both** of them are gray and white.

Sharks live in the ocean and dolphins live in the ocean **too**.

#### Contrast

When you contrast, you tell how two or more things are different or not alike. Some key words that let you know you are contrasting are:

- different
- differ
- difference
- unlike
- although
- even though
- instead
- however
- on the other hand
- but

Example: Let's **contrast** a shark with a dolphin.

1) A shark is a fish **but** a dolphin is a mammal.

2) A shark breathes with gills. **However** a dolphin breathes using lungs.
