

[Intro: Charli xcx]

Hey, Billie, you there?

Uh-uh

[Verse 1: Charli xcx]

You wanna \_\_\_\_\_ the color of my \_\_\_\_\_

You wanna know what I got goin' on down there

Is it pretty in pink or all \_\_\_\_\_?

Is it showin' off my brand-new \_\_\_\_\_?

You wanna put 'em in your mouth, pull 'em all \_\_\_\_\_

You wanna turn this shit out, that's what I'm talkin' about

Pu-pu-pu-put 'em in your mouth, pull 'em all down south

You wanna turn this shit out, that's what I'm talkin' about (Yeah)

[Chorus: Charli xcx]

Try it, \_\_\_\_\_ it, \_\_\_\_\_ it, \_\_\_\_\_ it

Pull it to the side and get all up in it

Wear 'em, \_\_\_\_\_ 'em, might remix it

Send 'em to The Dare, yeah, I think he's with it

Try it, \_\_\_\_\_ it, \_\_\_\_\_ it, \_\_\_\_\_ it

Pull it to the side and get all up in it

Wear 'em, \_\_\_\_\_ 'em, might remix it

Eat it up for lunch, yeah, it's so delicious

(Work it out)

[Verse 2: Billie Eilish]

Don't have to guess the color of your \_\_\_\_\_

Already know what you've got goin' on down there

It's that \_\_\_\_\_ black pair with the little \_\_\_\_\_

The ones I picked out for you in Tokyo

I saw them when you sat down, they were \_\_\_\_\_ out

I'm gonna tell you right now, they're all I'm thinkin' about

[Chorus: Billie Eilish]

I wanna try it, \_\_\_\_\_ it, \_\_\_\_\_ it, \_\_\_\_\_ it

Pull it to the side and get all up in it

Kiss it, \_\_\_\_\_ it, can I fit it?

Charli likes boys, but she knows I'd ... it

(Knows I'd ... it)

Charli, call me if you're with it

[Bridge: Charli xcx, Billie Eilish]

Yeah, guess, guess, guess, guess, guess, guess, guess, guess

[Outro: Charli xcx, Billie Eilish]

You wanna guess what me and Billie have been textin' about? (You've been disrespectful)

Still tryin' to guess the password to my Google Drive (Are you obsessed with me?)

You wanna guess the address of the party we're at (You really are not invited)

You wanna guess if we're serious about this song
